Dear students:

Learning English includes everyday practice. Doing a little bit every day is very important. We care about your learning process in these days that you cannot go to school, so this time you are going to practice writing. Remember to ask for help via email.

Stay safe

From: *Sammy Sanders*

To: *me*

Dear friend,

I went on a five-day trip to Prague in Czech Republic. I know Prague well because I lived there when I was in primary school, more than three years ago.

I didn't stay in a hotel, but I stayed with my old friends. I was so much fun! I visited my old school, and it has changed a lot and looks more modern. I also went to the city library and museum.

My friend and I went to Petrin Hill and around the castle. The views of the city are amazing up there! We visited other historical places, too.

What about you? What did you do on holidays? Did you visit interesting places? Tell me all about it!

With love, Sammy.

Now, write your answer

A. How did you organize your ideas to write the email? What strategies did you use?

B. Did you use any tool to help your writing (dictionary, translator, etc.)? Why? Why not?

2. Write a story in about 100 words. Be careful with your grammar and punctuation. Your story must begin with this sentence:

“Susan and her family visited the museum, but she felt something strange.”

Now, write your story.

Susan and her family visited the museum, but she felt something strange.

How did you organize your ideas to write the story?

What part of writing is more difficult for you? What is easier? Why?
